To whom it may concern:

Judith Wismer helped me as a live in nanny for one week because my husband was out of the country and I was very ill. I was pretty apprehensive about having a stranger live with my children and me, but it turned out to be a very positive experience. Judith showed up at my house happy and energetic at 2:00 in the morning even after 8 hours of flight delays, and it just got better from there.

All three of my children (boy-age 8 years, boy-age 5 years, and girl-age 14 months) immediately liked Judith very much. Her fun nature while setting firm limits was the perfect balance. She did lots of creative arts and crafts and games with my boys who don't normally accept new people, especially "sitters," easily. My baby, who had really never been left with anyone, was totally content with Judith. She was even able to easily put her down for a nap in her crib-something that even her mother can't even do!

I would highly recommend Judith for any childcare position and would be happy to discuss her with anyone interested.

Sincerely,

Lauren Synnott
